

ALEX LEIMBERG

REACT/WEB DEVELOPER

As a React Developer, I would like to specialize in creating dynamic, high-performance web applications. With a strong foundation in JavaScript and proficiency in modern front-end technologies, I excel at building responsive, user-friendly interfaces that enhance user experience and engagement.

Over the last year, I have honed my skills in React, RTK, HTML5, CSS, and RESTful APIs, consistently delivering scalable and maintainable code. My expertise extends to working with version control systems like Git and collaborating in agile development environments.

Whether working independently or as part of a team, my goal is to create high-quality, innovative web applications that drive business success and provide an exceptional user experience.

PROFILE

Personal Address

Hawthorn avenue, Brentwood
Truman Street, Doncaster

Email

westsupport@gmail.com

Mobile

07490158932

Date of birth

20/04/1987

Driving licence

yes

LANGUAGES

HTML, JS, CSS

REACT, RTK, TYPESCRIPT

Bootstrap, Material-ui other UI
libraries

SKILLS

Unix-based OS (Slackware,
Debian(Ubuntu)), Mac for work

Knowledge of RESTful API,
simple API can write on JS

WEB3, Crypto, Smartcontracts

Unit, Integration, Snapshot test,
Git, version monitoring

HOBBIES

swimming, lorries - HGV 1 Class

PROFESSIONAL EXPERIENCE

2020

HTML-LAYOUT DESIGNER - TTS LITHUANIA

2021

Involved in all front-end code creation and refactoring.

-

EDUCATION

2016

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

2020

THE OPEN UNIVERSITY, UK

Data Structures and Algorithms: Gained a deep understanding of fundamental algorithms and data structures, enhancing problem-solving abilities.

Software Engineering: Studied software development methodologies, project management, and best practices for writing maintainable code.

Computer Networks: Learned about the design, implementation, and management of computer networks, including TCP/IP protocols and network security.

2023

IT-INCUBATOR

2024

As a React Developer Intern at INCUBATOR, a dynamic startup accelerator, I had the opportunity to work on cutting-edge projects that involved developing and optimizing web applications. The experience was invaluable in honing my skills in front-end development, particularly with React and RTK, while also gaining exposure to the startup ecosystem and agile development practices.
